

METAL LAMPSHADES

2025/2026

corda.lighting

About Us

At Corda Lighting, we believe that our uniquely designed metal shades accent the desired effect that your buyer wishes.

Each piece is carefully designed and crafted to enhance the quality of your living and working environment, offering durable solutions that unite aesthetics and functionality.

Our objective is to find the correct solution as to reflect a personal relationship, that is connection from our custom metal lampshades to any home or business environment.

After-Sales Support

Your satisfaction doesn't end with the purchase.

At Corda Lighting we are committed to providing ongoing support to our clients. Whether it is refinishing, replacement parts or maintenance advice our team of experts is always here to help.

Our mission is to ensure that your lighting solutions remain in excellent condition for years to come.

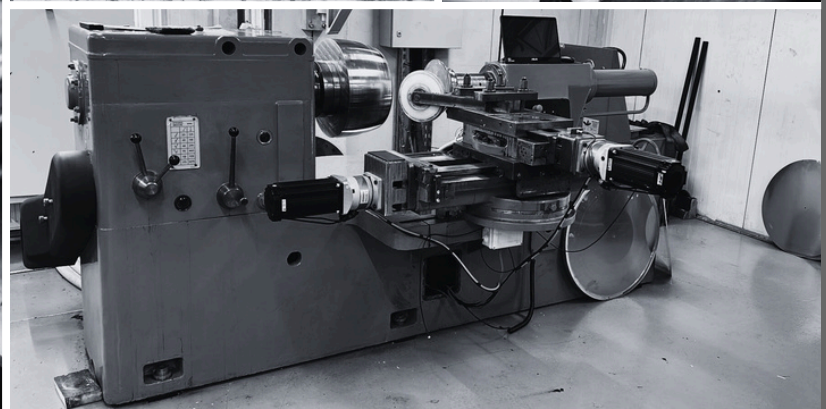

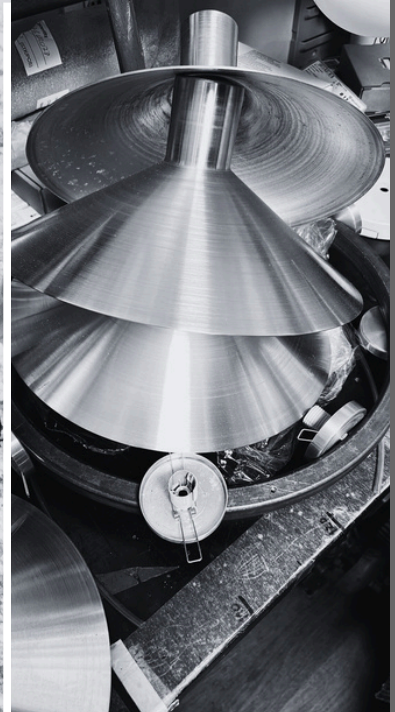

Sustainability as a Priority

Corda Lighting's pricing policy is designed to support our commitment to sustainability.

All our metal shades are created with the aim of minimizing environmental impact by using long-lasting materials and responsible production processes.

In this way, our lighting not only enhances your space but also contributes to the more efficient use of natural resources.

What Our Partners Say About Us:

'What we especially value about Corda is their dedication to support – something rarely found today. Whether it's complex lighting fixtures or simpler solutions, we could always rely on their expertise and flexibility.'

mag.ing.arch Valentina Kaić Filipović

'Working with Corda Lighting is always straightforward and efficient, allowing me to adapt lighting solutions to each space in the best possible way.'

Sandra Katona Šesto

'They met all the requirements I set, and on the other hand, clients who visit notice and compliment their products.'

dr. Iva Cindrić

'Responsiveness, quality, professionalism, precision, value.'

Jure Odžak

'We are very satisfied with our collaboration thanks to excellent communication and their ability to adapt to our needs. We emphasize this because they not only offer high-quality finished products, but can also create entirely custom pieces based on your own idea.'

Mario Perasović

The People Behind Every Lamp

Sandra Smrek
CEO

John R. Župan,
sales

Our vision is to become, and remain, a distinctive manufacturer of lighting fixtures, fulfilling the expectations and needs of our clients.

That is why our efforts for the future are focused on the continuous development and delivery of high-quality products.

Lighting plays a multifaceted role in every interior – both functional and decorative.

It is an essential element of spatial design, and the overall ambiance of a room greatly depends on its effects.

Our team is here to provide expert guidance and help you achieve the perfect balance of light and atmosphere in your space.

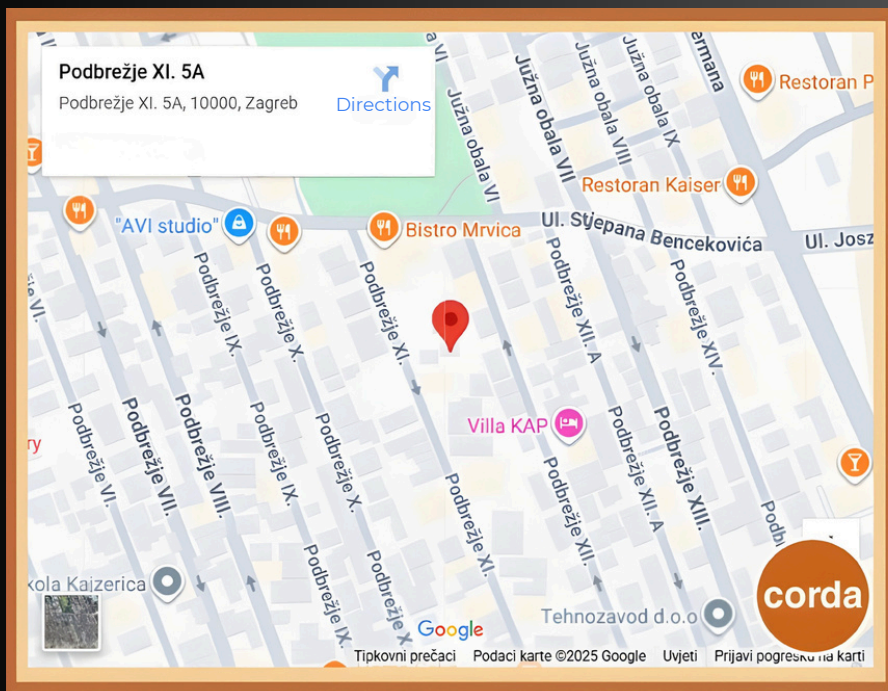

A satisfied customer is our best advertisement. Our goal is to achieve excellence and meaningful results at every level of our work, for the benefit of everyone involved in our business.

That is why we strive to offer quality products, fair pricing, and short delivery times on the path from our workshop to your space.
